## ANNUAL PUBLIC NOTICE

### Additions to the Voters List and/or Personal Security Protection Requests

In accordance with Section 36 of The Municipal Councils and School Board Elections Act (MCSBEA), the Town of Niverville Voters List is open for changes or revisions.

- Any person who is eligible to vote in municipal elections in the Local Authority of the Town of Niverville can have his or her name added to the Voters List, or have any information about the voter in the Voters List corrected.
- Any person can request to have his or her name and address obscured from the Voters List.

A person whose name has been obscured will receive a Personal Security Certificate and identification number. In a civic election, that person may only vote by Sealed Envelope Ballot and cannot vote in person at the regular or advance voting places.

To implement the above, a written request must be submitted to the Senior Election Official, in person, by e-mail, fax or mail to:

Town of Niverville  
Box 267, Niverville, MB R0A 1E0  
Telephone: 204-388-4600 ext. 101 / Fax: 204-388-6110  
Email: [reception@whereyoubelong.ca](mailto:reception@whereyoubelong.ca)

**Niverville's By-Election will take place on September 14, 2016.**

## Town of Niverville Public Notice

Within two weeks residents will begin to see evidence around Town of pre-construction preparations for the Main Street water main project. Pipes and equipment will be assembled at strategic locations. The successful firm in winning the contract is ProStar HDD of Steinbach. Construction is currently scheduled to officially begin in early August, with a forecasted completion date of late September 2016.

To complete the task the contractor will find it necessary to directly contact certain property owners to request permission to either enter effected businesses and homes or simply to have access to land. Building entry may be required to either:

- (i) install potable water service and/or a curb stop, or alternatively
- (ii) to determine location of sewer line connections which could be impacted by the water main installation. By precisely identifying existing sewer service lines from buildings to the sewer main, both their location and depth, efforts will be made to ensure the water main doesn't impair this existing infrastructure. Televising of applicable sewer connections will occur to ensure both a "before and after" status can be determined, and if damaged, for repairs to occur.

Upon receiving a request for permission to enter your home, please ask the ProStar HDD employee to present their documentation which clearly identifies them as the firm's employee. The Town respectfully asks and thanks you for your cooperation in this essential task.

Along the construction route vehicle parking lanes may be impacted and possibly at times, work will restrict traffic movement. Streets affected include Main Street from the Heritage Trail to 6<sup>th</sup> Avenue, 5<sup>th</sup> Avenue South from Spruce to Main Street, Cedar and Bronstone Drives. The Town and contractor will provide as much notice as possible for any detours, and/or parking restrictions with barriers and notices installed as required. The contractor has advised that they will attempt to minimize the disruptions to all affected properties in these areas. We thank you for your understanding and support as we work through this construction inconvenience.

In late September when the water main is ready to be connected to the existing water system, the Town's water utility will be shut down for a couple of hours. The Town has requested that all homeowners be given 48 hours notice prior to the water turn off, ensuring adequate time for businesses and residents to take proactive steps to prepare. Notification will occur on the Niverville website and assuming sufficient time – a written public notice.

Regular project updates and all notices will be placed on [www.whereyoubelong.ca](http://www.whereyoubelong.ca). For specific questions please email [feedback@whereyoubelong.ca](mailto:feedback@whereyoubelong.ca). Your understanding and patience during the construction of this project is sincerely appreciated. We are building a better tomorrow for our community.
