Well Water Testing Days

The Seine-Rat River Conservation district will once again be assisting residents with private well water testing for the presence of E.coli and Coliform bacteria.

Water sample bottles and applications can be picked up at the Town Office, 86 Main Street, Niverville during regular office hours.

Testing days are May 24th and June 21st.

Calling all Volunteers!

Niverville Olde Tyme Country Fair is looking for volunteers on June 8 & 9, 2018 to work at wristband sales, volunteer tent, parade route, licensed event and set up. Anyone available to help out may contact Amanda Dumont at volunteers@nivervillefair.com or call 204-270-0135.

UPDATE ON TOWN WATERING BAN

Council would like to extend their sincere appreciation to Niverville residents for their cooperation in adhering to the watering ban. The watering ban is having its desired positive impact in ensuring the water treatment plant is operating as designed.

Good news is on the horizon! Positive progress is being made on the completion of the new waterline. Staff have been meeting with the engineering firm and pressing hard towards a completion date. The goal is to have the new waterline operational by the end of May/first week of June.

Please note however, in the interim, the watering ban will continue to remain in effect. The Town will advertise via social media when the ban has been lifted.

Thank you again for your cooperation and understanding. With you we look forward to project completion.

UPDATE ON FIRE BAN

Council would like to extend their sincere appreciation to Niverville residents for their cooperation in adhering to the current Fire Ban. Its been a long time since we experienced a dust bowl in the Red River valley.

While we are anticipating/hoping for rain, the Fire Ban needs to remain in effect in the interim.

Please check social media (www.wheretheyoubelong.ca) for the latest updates.

Thank you again for your cooperation and understanding.

TOWN OF NIVERVILLE PROPOSED MUNICIPAL PESTICIDE PROGRAM

Public Notice is hereby given that the Town of Niverville intends to conduct the following Pesticide Control Program during 2018:

1. To control noxious weeds on road allowances, public reserves and parks within the municipality, the Town may use the herbicides Fiesta, Round Up, 2-4-D Amine 600, and Curtail M. The program will run from May 1, 2018 to October 31, 2018 using a ground sprayer.

2. To control populations of nuisance mosquitoes, the Town may use larvicide using Aquabac 200g. This program will commence from May 1, 2018 to October 31, 2018.

All pesticides and procedures applied will be in accordance with federal laws and recommendations of those of the Manitoba Department of Agriculture.

The public may send written submissions or objections within 15 days of the publication of the notice to the department below:
