TOWN OF NIVERVILLE SNOW ROUTE STREET PARKING BAN

When the snow comes as it does every winter, the aim of the Niverville Operations Department is to have the whole Town cleared as quickly as possible. To accomplish this task efficiently, the Town has designated certain streets as the snow route (see map below).

During the period of NOVEMBER 7, 2018 through MARCH 1, 2019, a Street Parking Ban (between the hours of 6 a.m. and 6 p.m.) will be in effect, following a snowfall event (Bylaw 801-18).

After a snowfall has occurred where snow clearing is required, Town Staff will begin their initial clearing operation at 5:00 a.m. and will plow around any vehicles that are parked on the streets. The following day, the Street Parking Ban will be in effect between the hours of 6 a.m. and 6 p.m. and vehicles will not be permitted to park on the designated snow routes to enable Town Staff to complete snow clearing operations.

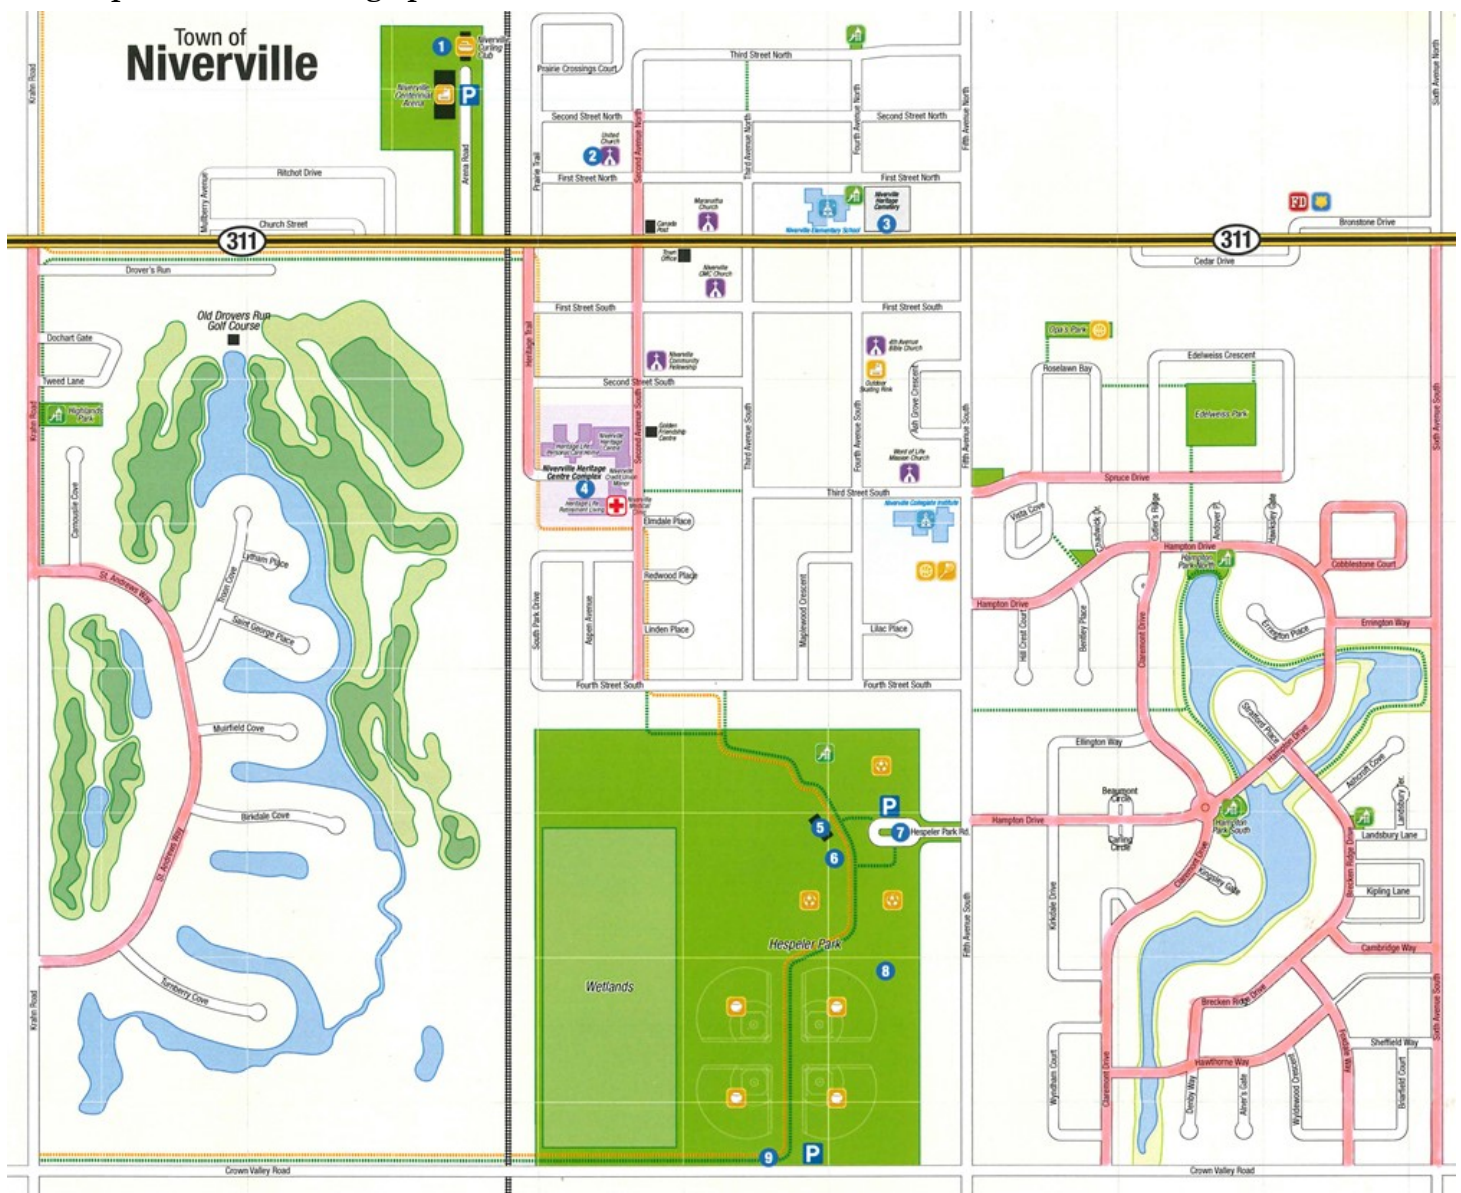

Vehicles (including trailers), that are parked on the streets identified as the designated snow route on the second day (and any subsequent days needed) when a Street Parking Ban has been implemented, will be ticketed and towed.

Notices indicating when the parking ban will be in effect and when it is lifted will be posted on the Town's website [www.wherelyoubelong.ca](#), Facebook page and twitter account.

The areas highlighted below specify the Town's designated snow routes.
