RE: BOIL WATER ADVISORY ISSUED TO NIVERVILLE SPRUCE DRIVE WATER SYSTEM

Dear Eric King:

Drinking Water Officer, Wajed Shah has advised me that the Niverville Spruce Drive water system has met all conditions for rescinding the boil water advisory and that bacteriological testing results meet regulatory standards.

I am therefore rescinding the boil water advisory that was placed on the Niverville Spruce Drive water system on September 16, 2026.

Please ensure all water users are notified that the advisory has been rescinded and that normal water usage can be resumed. A copy of this letter can be provided as notification. Notices posted in public locations such as washrooms are to be removed.

Should you have any questions, please contact Wajed Shah, Regional Drinking Water Officer at 204-408-8807.

Sincerely,

Dr. Davinder Singh
